GLOBAL GOLD CORPORATION
(An Exploration Stage Company)

Notes to Unaudited Condensed Consolidated Financial Statements

March 31, 2013

1. ORGANIZATION, DESCRIPTION OF BUSINESS, AND BASIS FOR PRESENTATION

The accompanying unaudited condensed consolidated financial statements present the available exploration stage activities information of the Company from January 1, 1995, the period commencing the Company's operations as Global Gold Corporation (the "Company" or "Global Gold") and Subsidiaries, through March 31, 2013.

The accompanying condensed consolidated financial statements are unaudited. In the opinion of management, all necessary adjustments (which include only normal recurring adjustments) have been made to present fairly the financial position, results of operations and cash flows for the periods presented. Certain information and footnote disclosure normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. However, the Company believes that the disclosures are adequate to make the information presented not misleading. These unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the December 31, 2012 annual report on Form 10-K. The results of operations for the three month period ended March 31, 2013 are not necessarily indicative of the operating results to be expected for the full year ended December 31, 2013. The Company operates in a single segment of activity, namely the acquisition of certain mineral property, mining rights, and their subsequent development.

The unaudited condensed consolidated financial statements at March 31, 2013, and for the period then ended were prepared assuming that the Company would continue as a going concern. Since its inception, the Company, an exploration stage company, has generated revenues of \$632,854 (other than interest income, the proceeds from the sales of interests in mining ventures, and the sale of common stock of marketable securities) while incurring operating losses in excess of \$47 million. Management has held discussions with additional investors and institutions interested in financing the Company's projects. However, there is no assurance that the Company will obtain the financing that it requires or will achieve profitable operations. The Company is expected to incur additional losses for the near term until such time as it would derive substantial revenues from the Chilean and Armenian mining interests acquired by it or other future projects in Armenia or Chile. These matters raised substantial doubt about the Company's ability to continue as a going concern. The accompanying unaudited condensed consolidated financial statements were prepared on a going concern basis, which contemplated the realization of assets and satisfaction of liabilities in the normal course of business. The accompanying unaudited condensed consolidated financial statements at March 31, 2013 and for the period then ended did not include any adjustments that might be necessary should the Company be unable to continue as a going concern.

Global Gold is currently in the exploration stage. It is engaged in exploration for, as well as development and mining of, gold, silver, and other minerals in Armenia, Canada and Chile. Until March 31, 2011, the Company's headquarters were located in Greenwich, Connecticut and as of April 1, 2011 the Company's headquarters are in Rye, NY. Its subsidiaries and staff maintain offices in Yerevan, Armenia, and Santiago, Chile. The Company was incorporated as Triad Energy Corporation in the State of Delaware on February 21, 1980 and conducted other business prior to January 1, 1995. During 1995, the Company changed its name from Triad Energy Corporation to Global Gold Corporation to pursue certain gold and copper mining rights in the former Soviet Republics of Armenia and Georgia. The Company has not established proven and probable reserves in accordance with SEC Industry Guide 7 at any of its properties. The Company's stock is publicly traded. The Company employs approximately 100 people globally on a year round basis and an additional 200 people on a seasonal basis.

In Armenia, the Company's focus is on the exploration, development and production of gold at the Toukhmanuk property in the North Central Armenian Belt and the Marjan and an expanded Marjan North property. In addition, the Company is exploring and developing other sites in Armenia, including the Getik property. The Company also holds royalty and participation rights in other locations in the country through affiliates and subsidiaries.

In Chile, the Company is engaged in identifying gold exploration and production opportunities and has a production bonus interest in the Puroo property.

In Canada, the Company had engaged in uranium exploration activities in the provinces of Newfoundland and Labrador, but has phased out this activity, retaining a royalty interest in the Cochrane Pond property in Newfoundland.

The Company also assesses exploration and production opportunities in other countries.

The subsidiaries of the Company are as follows:

On January 24, 2003, the Company formed Global Oro LLC and Global Plata LLC, as wholly owned subsidiaries, in the State of Delaware. These companies were formed to be equal joint owners of a Chilean limited liability company, Minera Global Chile Limitada ("Minera Global"), formed as of May 6, 2003, for the purpose of conducting operations in Chile. On December 2, 2011, the Company sold these subsidiaries to Amarant Mining Ltd. ("Amarant").

On August 18, 2003, the Company formed Global Gold Armenia LLC ("GGA"), as a wholly owned subsidiary, which in turn formed Global Gold Mining, LLC ("GGM"), as a wholly owned subsidiary, both in the State of Delaware. GGM was qualified to do business as a branch operation in Armenia and owns assets, royalty and participation interests, as well as shares of operating companies in Armenia.

On December 21, 2003, GGM acquired 100% of the Armenian limited liability company SHA, LLC (renamed Global Gold Hankavan, LLC ("GGH") as of July 21, 2006), which held the license to the Hankavan and Marjan properties in Armenia. On December 18, 2009, the Company entered into an agreement with Caldera Resources Inc. ("Caldera") outlining the terms of a joint venture on the Company's Marjan property in Armenia ("Marjan JV"). On March 12, 2010, GGH transferred the rights, title and interest for the Marjan property to Marjan Mining Company, a limited liability company incorporated under the laws of the Republic of Armenia ("Marjan RA") which is a wholly owned subsidiary of GGM. On October 7, 2010, the Company terminated the Marjan JV. The Armenian Court of Cassation in a final, non-appealable decision, issued and effective February 8, 2012, ruled that the registration and assumption of control by Caldera through unilateral charter changes of the Marjan Mine and Marjan Mining Company, LLC were illegal and that 100% ownership rests fully with GGM. On March 29, 2012, Justice Herman Cahn, who was appointed by United States District Court Judge Hellerstein as the sole arbitrator in an American Arbitration Association arbitration between the Company and Caldera, ruled in the Company's favor on the issue of the JV's termination ordering that the Marjan property be 100% owned by the Company effective April 29, 2012. Judge Karas of the United States Federal District Court confirmed Judge Cahn's decision. See Legal Proceedings for more information on the Marjan JV.

On August 1, 2005, GGM acquired 51% of the Armenian limited liability company Mego-Gold, LLC ("Mego"), which is the licensee for the Toukhanuk mining property and seven surrounding exploration sites. On August 2, 2006, GGM acquired the remaining 49% interest of Mego-Gold, LLC, leaving GGM as the owner of 100% of Mego-Gold, LLC. On September 26, 2012, the Company transferred 100% of the shares of Mego-Gold, LLC to GGCR Mining, LLC. See Agreements for more information on Mego-Gold, LLC.

On January 31, 2006, GGM closed a transaction to acquire 80% of the Armenian company, Athelea Investments, CJSC (renamed "Getik Mining Company, LLC") and its approximately 27 square kilometer Getik gold/uranium exploration license area in the northeast Geghargunik province of Armenia. As of May 30, 2007, GGM acquired the remaining 20% interest in Getik Mining Company, LLC, leaving GGM as the owner of 100% of Getik Mining Company, LLC. On September 26, 2012, the Company transferred 100% of the shares of Getik Mining Company, LLC to GGCR Mining, LLC joint venture company. See Agreements for more information on Getik Mining Company, LLC.

On January 5, 2007, the Company formed Global Gold Uranium, LLC ("Global Gold Uranium"), as a wholly owned subsidiary, in the State of Delaware, to operate the Company's uranium exploration activities in Canada.

On August 9, 2007 and August 19, 2007, the Company, through Minera Global, entered agreements to form a joint venture and on October 29, 2007, the Company closed its joint venture agreement with members of the Quijano family ("Quijano") by which Minera Global assumed a 51% interest in the placer and hard rock gold Madre de Dios and Pureo properties in south central Chile, near Valdivia. The name of the joint venture company was Compania Minera Global Gold Valdivia S.C.M. ("Global Gold Valdivia" or "GGV"). On August 14, 2009, the Company amended the above agreement whereby Global Gold Valdivia became wholly owned by the Company and retained only the Pureo Claims Block (approximately 8,200 hectares), transferring the Madre De Dios claims block to the sole ownership to members of the Quijano family. On October 27, 2010, the Company entered into an agreement with Conventus Ltd. a BVI corporation ("Conventus") for the sale of 100% interest in GGV which was amended (with Conventus and Amarant) and was closed on December 2, 2011. See Agreements for more information on GGV.

On September 23, 2011, Global Gold Consolidated Resources Limited (“GGCRL”) was incorporated in Jersey as a 51% subsidiary of the Company pursuant to the April 27, 2011 Joint Venture Agreement with Consolidated Resources. See Agreements Section for more information on Consolidated Resources agreements.

On November 8, 2011, GGCR Mining, LLC (“GGCR Mining”) was formed in Delaware as a 100%, wholly owned, subsidiary of GGCRL.

The accompanying unaudited condensed consolidated financial statements present the available exploration stage activities information of the Company from January 1, 1995, the period commencing the Company's operations as Global Gold Corporation and Subsidiaries, through March 31, 2013.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents - Cash and cash equivalents consist of all cash balances and highly liquid investments with a remaining maturity of three months or less when purchased and are carried at fair value.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments - The Company adopted FASB ASC 820-Fair Value Measurements and Disclosures, for assets and liabilities measured at fair value on a recurring basis. ASC 820 establishes a common definition for fair value to be applied to existing generally accepted accounting principles that require the use of fair value measurements establishes a framework for measuring fair value and expands disclosure about such fair value measurements. The adoption of ASC 820 did not have an impact on the Company's financial position or operating results, but did expand certain disclosures.

ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Additionally, ASC 820 requires the use of valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. These inputs are prioritized below:

- Level 1: Observable inputs such as quoted market prices in active markets for identical assets or liabilities
- Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3: Unobservable inputs for which there is little or no market data, which require the use of the reporting entity's own assumptions.

The Company did not have any Level 2 or Level 3 assets or liabilities as of March 31, 2013 and December 31, 2012.

The Company discloses the estimated fair values for all financial instruments for which it is practicable to estimate fair value. As of March 31, 2013 and December 31, 2012, the fair value short-term financial instruments including cash, receivables, and accounts payable and accrued expenses, approximates book value due to their short-term duration.

Cash and cash equivalents include money market securities and commercial paper that are considered to be highly liquid and easily tradable. These securities are valued using inputs observable in active markets for identical securities and are therefore classified as Level 1 within the fair value hierarchy.

In addition, the Financial Accounting Standards Board (“FASB”) issued, “The Fair Value Option for Financial Assets and Financial Liabilities,” effective for January 1, 2008. This guidance expands opportunities to use fair value measurements in financial reporting and permits entities to choose to measure many financial instruments and certain other items at fair value. The Company did not elect the fair value option for any of its qualifying financial instruments.

Ore inventories consist of unprocessed ore at the Toukhmanuk mining site in Armenia. The unprocessed ore and concentrate are stated at the lower of cost or market.

Deposits on Contracts and Equipment - The Company has made several deposits for purchases, the majority of which is for the potential acquisition of new properties, and the remainder for the purchase of mining equipment.

Tax Refunds Receivable - The Company is subject to Value Added Tax ("VAT tax") on all expenditures in Armenia at the rate of 20%. The Company is entitled to a credit against this tax towards any sales on which it collects VAT tax. The Company is carrying a tax refund receivable based on the value of its in-process inventory which it intends on selling in the next twelve months, at which time they will collect 20% VAT tax from the purchaser which the Company will be entitled to keep and apply against its credit.

Net Loss Per Share - Basic net loss per share is based on the weighted average number of common and common equivalent shares outstanding. Potential common shares includable in the computation of fully diluted per share results are not presented in the consolidated financial statements as their effect would be anti-dilutive. The total number of warrants plus options that are exercisable at March 31, 2013 and March 31, 2012 was 4,604,167 and 4,606,667, respectively.

Stock Based Compensation - The Company periodically issues shares of common stock for services rendered or for financing costs. Such shares are valued based on the market price on the transaction date. The Company periodically issues stock options and warrants to employees and non-employees in non-capital raising transactions for services and for financing costs.

The Company accounts for the grant of stock and warrants awards in accordance with ASC Topic 718, Compensation – Stock Compensation (ASC 718). ASC 718 requires companies to recognize in the statement of operations the grant-date fair value of warrants and stock options and other equity based compensation.

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options that have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility.

For the three months ended March 31, 2013 and 2012, net loss and loss per share include the actual deduction for stock-based compensation expense. The total stock-based compensation expense for the three months ended March 31, 2013 and 2012 was \$46,500 and \$16,551, respectively. The expense for stock-based compensation is a non-cash expense item.

Comprehensive Income - The Company has adopted ASC Topic 220, "Comprehensive Income." Comprehensive income is comprised of net income (loss) and all changes to stockholders' equity (deficit), except those related to investments by stockholders, changes in paid-in capital and distribution to owners.

The following table summarizes the computations reconciling net loss applicable to Global Gold Corporation Common Shareholders to comprehensive loss for the three months ended March 31, 2013 and 2012.

	Three Months Ending March 31,	
	2013	2012
Net loss	\$ (179,349)	\$ (2,146,519)
Unrealized gain arising during year	\$ 146,713	\$ (529,779)
Comprehensive loss	<u>\$ (32,636)</u>	<u>\$ (2,676,298)</u>

Income Taxes - Income taxes are accounted for in accordance with the provisions of FASB ASC 740, Accounting for Income Taxes. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amounts expected to be realized.

Acquisition, Exploration and Development Costs - Mineral property acquisition costs are capitalized. Additionally, mine development costs incurred either to develop new ore deposits and constructing new facilities are capitalized until operations commence. All such capitalized costs are amortized using a straight-line basis on a range from 1-10 years, based on the minimum original license term at acquisition, but do not exceed the useful life of the capitalized costs. Upon commercial development of an ore body, the applicable capitalized costs would then be amortized using the units-of-production method. Exploration costs, costs incurred to maintain current production or to maintain assets on a standby basis are charged to operations. Costs of abandoned projects are charged to operations upon abandonment. The Company evaluates, at least quarterly, the carrying value of capitalized mining costs and related property, plant and equipment costs, if any, to determine if these costs are in excess of their net realizable value and if a permanent impairment needs to be recorded. The periodic evaluation of carrying value of capitalized costs and any related property, plant and equipment costs are based upon expected cash flows and/or estimated salvage value in accordance with ASC Topic 360, "Accounting for the Impairment or Disposal of Long-Lived Assets."

Foreign Currency Translation - The Company's reporting currency is the U.S. Dollar. All transactions initiated in foreign currencies are translated into U.S. dollars in accordance with ASC Topic 830 "Foreign Currency Matters" as follows.

- i) monetary assets and liabilities at the rate of exchange in effect at the balance sheet date;
- ii) non-monetary assets at historical rates; and
- iii) revenue and expense items at the average rate of exchange prevailing during the period.

Gains and losses from foreign currency transactions are included in the statement of operations.

For foreign operations with the local currency as the functional currency, assets and liabilities are translated from the local currencies into U.S. dollars at the exchange rate prevailing at the balance sheet date. Revenues and expenses are translated at the average exchange rate for the period to approximate translation at the exchange rate prevailing at the dates those elements are recognized in the financial statements. Translation adjustments resulting from the process of translating the local currency financial statements into U.S. dollars are included in determining comprehensive loss. As of March 31, 2013 and 2012, the exchange rate for the Armenian Dram (AMD) was \$418 AMD and \$391 AMD for \$1.00 U.S.

The functional currency of the Company's Armenian subsidiaries is the local currency. The financial statements of the subsidiary are translated to U.S. dollars using period-end rates of exchange for assets and liabilities, and the average rate of exchange for the period for revenues, costs, and expenses. Net gains and losses resulting from foreign exchange transactions are included in the consolidated statements of operations.

Principles of Consolidation - Our consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, and include the accounts of the Company and more-than-50%-owned subsidiaries that it controls. Inter-company balances and transactions have been eliminated in consolidation.

Depreciation, Depletion and Amortization - Capitalized costs are depreciated or depleted using the straight-line method over the shorter of estimated productive lives of such facilities or the useful life of the individual assets. Productive lives range from 1 to 20 years, but do not exceed the useful life of the individual asset. Determination of expected useful lives for amortization calculations are made on a property-by-property or asset-by-asset basis at least annually.

Impairment of Long-Lived Assets - Management reviews and evaluates the net carrying value of all facilities, including idle facilities, for impairment at least annually, or upon the occurrence of other events or changes in circumstances that indicate that the related carrying amounts may not be recoverable. We estimate the net realizable value of each property based on the estimated undiscounted future cash flows that will be generated from operations at each property, the estimated salvage value of the surface plant and equipment and the value associated with property interests. All assets at an operating segment are evaluated together for purposes of estimating future cash flows.

Licenses - Licenses are capitalized at cost and are amortized on a straight-line basis on a range from 1 to 10 years, but do not exceed the useful life of the individual license. At March 31, 2013 and 2012, amortization expense totaled \$74,579 and \$74,579, respectively.

Reclamation and Remediation Costs (Asset Retirement Obligations) - Costs of future expenditures for environmental remediation are not discounted to their present value unless subject to a contractually obligated fixed payment schedule. Such costs are based on management's current estimate of amounts to be incurred when the remediation work is performed within current laws and regulations. The Company has paid towards its environmental costs and has no amounts owed as of March 31, 2013 and December 31, 2012.

It is possible that, due to uncertainties associated with defining the nature and extent of environmental contamination and the application of laws and regulations by regulatory authorities and changes in reclamation or remediation technology, the ultimate cost of reclamation and remediation could change in the future.

Noncontrolling Interests - Noncontrolling interests in our subsidiaries are recorded in accordance with the provisions of ASC 810, "Consolidation" and are reported as a component of equity, separate from the parent company's equity. Purchase or sale of equity interests that do not result in a change of control are accounted for as equity transactions. Results of operations attributable to the noncontrolling interests are included in our consolidated results of operations and, upon loss of control, the interest sold, as well as interest retained, if any, will be reported at fair value with any gain or loss recognized in earnings.

Revenue Recognition - Sales are recognized and revenues are recorded when title transfers and the rights and obligations of ownership pass to the customer. The majority of the company's metal concentrates are sold under pricing arrangements where final prices are determined by quoted market prices in a period subsequent to the date of sale. In these circumstances, revenues are recorded at the times of sale based on forward prices for the expected date of the final settlement. The Company did not recognize any revenue for the three months ended March 31, 2013 and 2012 from sales from its Toukhmanuk property in Armenia. The Company also possesses Net Smelter Return ("NSR") royalty from non-affiliated companies. As the non-affiliated companies recognize revenue, as per above, the Company is entitled to its NSR royalty percentage and royalty income is recognized and recorded. The Company did not recognize any royalty income for the three months ended March 31, 2013 and 2012.

New Accounting Standards:

In February 2013, the FASB issued Accounting Standard Update ("ASU") No. 2013-04, Obligations Resulting from Joint and Several Liability Arrangements for Which the Total Amount of the Obligation Is Fixed at the Reporting Date. The Update provides guidance for the recognition, measurement, and disclosure of obligations resulting from joint and several liability arrangements for which the total amount of the obligation within the scope of this guidance is fixed at the reporting date, except for obligations addressed within existing guidance in U.S. generally accepted accounting principles (GAAP). The guidance in this Update requires an entity to measure obligations resulting from joint and several liability arrangements for which the total amount of the obligation within the scope of this guidance is fixed at the reporting date, as the sum of the following:

- a. The amount the reporting entity agreed to pay on the basis of its arrangement among its co-obligors
- b. Any additional amount the reporting entity expects to pay on behalf of its co-obligors.

The guidance in this Update also requires an entity to disclose the nature and amount of the obligation as well as other information about those obligations. The new guidance will be effective for the Company beginning January 1, 2014. Earlier adoption is permitted. The Company believes that the new guidance will not have any material impact on the Company's financial statements upon adoption.

Management does not believe that any other recently issued, but not yet effective, accounting standards could have a material effect on the accompanying consolidated financial statements. As new accounting pronouncements are issued, the Company will adopt those that are applicable under the circumstances.

A variety of proposed or otherwise potential accounting standards are currently under study by standard setting organizations and various regulatory agencies. Due to the tentative and preliminary nature of those proposed standards, management has not determined whether implementation of such proposed standards would be material to our consolidated financial statements.

The following table illustrates the capitalized cost less accumulated depreciation arriving at the net carrying value on our books at March 31, 2013 and December 31, 2012.

	March 31, 2012	December 31, 2011
Property, plant and equipment	\$ 3,878,737	\$ 4,020,128
Less accumulated depreciation	(2,895,031)	(2,971,476)
	<u>\$ 983,706</u>	<u>\$ 1,048,652</u>

The Company had depreciation expense for the three months ended March 31, 2013 and 2012 of \$45,282 and \$72,960, respectively.

4. RECEIVABLE FROM SALE

As of March 31, 2013 and December 31, 2012, the Company was owed principal amounts (excluding penalties, interest, and additional payments) of \$1,817,276 and \$2,375,713, respectively, from Amarant from the sale of 100% of the Company's interest in the GGV, which held the Pureo mining assets in Chile and 100% interest in its wholly owned subsidiaries Global Oro LLC and Global Plata LLC which are each 50% owners of Minera Global Chile Limitada, all as part of the amended agreement closed on December 2, 2011. The Company did not receive the \$1,000,000 due on December 15, 2011. From April 1, 2012 through September 30, 2012, the Company was promised additional compensation from Amarant and its principal, Mr. Johan Ulander, of additional compensation in exchange for concessions given to Amarant and its principal, Mr. Johan Ulander, as more fully described below. The Company wrote down principal amounts of \$1,579,345 and \$1,817,276 as of March 31, 2013 and December 31, 2012, respectively, as impairment as Amarant has yet to pay. Amarant has reportedly assigned its interest to Alluvia Mining Limited, a public limited liability company incorporated under the laws of Jersey ("Alluvia"), an assignment which the Company conditionally consented as of June 15, 2012, but as of December 31, 2012, the conditions have not been met by any of Amarant or Mr. Ulander.

On October 27, 2010, the Company entered into an agreement with Conventus Ltd. a BVI corporation (“Conventus”) for the sale of 100% interest in GGV which holds the Pureo mining assets in Chile. The Company will provide Conventus with consulting services and technical assistance for development, production, exploration, and expansion of the GGV mining properties in further consideration of the payment terms below.

Key terms include that Conventus shall pay \$5.0 million USD over four years and two months payable as follows: \$250,000 on or before October 31, 2010; \$250,000 on or before November 30, 2010; \$500,000 at the closing on or before March 31, 2011; \$1,000,000 on or before December 31, 2011; \$1,000,000 on or before December 31, 2012; \$1,000,000 on or before December 31, 2013; and \$1,000,000 on or before December 31, 2014 until \$5,000,000 in total has been paid. If the sale does not close, the Company is responsible for repayment of the \$500,000 in payments made prior to closing based on terms contingent upon the reason for the closing to not occur. Payments to the Company will be secured. As of October 27, 2010, Conventus Ltd shall be solely responsible, at its own expense for all expenses and other matters required by contract or law to comply with conditions related to the Pureo property, and in particular with the July 24, 2009 contractual condition to commence production on a commercial basis on the property being transferred to its sole control pursuant to this agreement on or before August 15, 2011(subject to any time taken for permitting purposes).

As additional consideration, if within seven years, Conventus or any of its successors produces 150,000 ounces of gold from the GGV property or property in Chile which the Company assists GGV or Conventus in acquiring, then Conventus shall or shall cause GGV to pay the Company a one-off and once only \$2,500,000 bonus within 60 days of achieving such production. The closing of the transaction is subject to a definitive agreement and agreement being reached with Mr. Ian Hague, with respect to his royalty to the satisfaction of Conventus. The closing date is anticipated to be on or before March 31, 2011.

On December 2, 2011, the Company closed an amended agreement with Conventus and Amarant, originally entered into on October 27, 2010, for the sale of 100% interest in the GGV which held the Pureo mining assets in Chile. As part of the amendment and closing, Global Gold also sold 100% interest in its wholly owned subsidiaries Global Oro and Global Plata, both of which are Delaware Limited Liability Corporations, and are each 50% owners of Minera Global in exchange for additional compensation, payable on or before December 15, 2011, of a 1% interest in Amarant. GGV is owned by Minera Global (51%) and Global Oro (49%). Conventus has assigned its right and obligations from this agreement to Amarant. Key terms included that Amarant shall pay the \$4.0 million USD remaining of the \$5.0 million USD sale price obligation as follows: \$1,000,000 on or before December 15, 2011; \$1,000,000 on or before December 15, 2012; \$1,000,000 on or before December 15, 2013; and \$1,000,000 on or before December 31, 2014 subject to the terms and conditions in the agreement. As additional consideration, if within seven years, Amarant or any of its successors produces 150,000 ounces of gold from the Pureo property then Amarant shall pay the Company a one-off and once only \$2,500,000 bonus within 60 days of achieving such production.

On April 13, 2012, the Company entered into an "Amended Joint Membership Interest Purchase Agreement" with Amarant to amend the parties' December 2, 2011 "Joint Membership Interest Purchase Agreement" as follows: the 1 million dollar payment from Amarant due the Company on December 15, 2011 shall be paid by April 20, 2012; the three "Additional Payments" of 1 million dollars due on each of December 15, 2012, December 15, 2013, and December 15, 2014 shall all be paid in a lump sum of three million dollars prior to May 31, 2012, as further described in Exhibit 10.49. On April 13, 2012, the Company also received a guaranty from Contender Kapital AB of Stockholm Sweden (“Contender”) that if Amarant fails to make the 1 million dollar payment to the Company on or before Friday April 20, 2012, Contender will satisfy the 1 million dollar payment, as further described in Exhibit 10.50. On May 10, 2012, the Company and Amarant agreed that the Company would forego legal actions in exchange for payment by Amarant of the \$800,000 balance due plus a \$50,000 additional compensation payment by May 11, 2012 and the shortening of the grace period for late payment of the \$3 million dollar payment due from Amarant to the Company from 60 days to 10 days after May 31, 2012. On May 9, 2012, Contender acknowledged that it had received notice of its obligation to pay on a valid guaranty of \$1 million, and reaffirmed its guaranty. Contender defaulted on its guaranty. On May 18, 2012, Amarant and its principal, Mr. Ulander, agreed to pay Global an additional \$50,000 payment (in addition to the previously agreed \$50,000 additional payment) in exchange for foregoing legal action. On June 15, 2012, the Company conditionally agreed to a revised schedule of debt repayment through August 30, 2012. The revised schedule provides the Company to receive; a) 20% of net proceeds of funds raised by Alluvia or Amarant or their affiliates with a ceiling of \$3,250,000 (which includes additional compensation) from any source; b) a \$250,000 payment, and c) an additional \$200,000 payment to the company. Also, the Company agreed to conditionally waive its right of first refusal with respect to transfer of GGV shares as part of this revision, but these conditions were not met and the Company has advised that the purported assignment to Alluvia is invalid. As one provision of the amended sale closed on December 2, 2011, the Company was to receive certain shares or ownership of Amarant, amounting to 533,856 shares of Amarant. These shares were received in July 2012. No value has been recorded for these shares for the following reasons; a) there is currently no active trading market to value these shares except the “Mangold List” in Sweden, b) we do not have access to the financials of Amarant to aid in calculating a value, and c) these shares received present a small minority ownership of Amarant. Amarant and Alluvia remain in default of certain material provisions of this sale agreement with Amarant.

On November 28, 2012, the Company and Amarant (the “Parties”) entered into an Amended Joint Membership Interest Purchase Agreement (the “Amendment”), which again restructured the terms of the Joint Interest Membership Interest Purchase Agreement (the “MIPA”), dated December 2, 2011, among the Company, Amarant, and the other parties signatory thereto and amended on April 13, 2012 (“Amended MIPA”). Pursuant to the MIPA and all of its amendments the Parties agree that as of November 28, 2012 Amarant owes \$3,275,000 to the Company. Interest accrues at 12% per annum.

Key terms of the Amendment include: Amarant agrees that it shall pay the Company the following amounts by the close of business Central European Time (“CET”) on the indicated dates: (i) \$200,000 on November 29, 2012; (ii) \$150,000 on or before November 30, 2012, (iii) \$450,000 on or before December 6, 2012; (iv) \$700,000 on or before December 17, 2012 and; (v) \$1,775,000 on or before December 28, 2012. With respect to the payments in (iii), (iv) and (v) as the largest shareholder of Alluvia Mining Ltd. (“Alluvia”), Amarant guarantees that 50% of all funds raised by Alluvia shall be paid to the Company until such payments are satisfied in full. As further consideration and in satisfaction of any and all alleged damages resulting from of Amarant’s failure to perform any obligation prior hereto, Amarant agrees to transfer to the Company One Million (1,000,000) ordinary shares of Alluvia held by Amarant, within 15 days of a fully executed lock-up agreement whereby the Company will be restricted from transferring any of such shares for a period of 6 months from the date of transfer. The Parties agree to act in good faith to prepare and agree on the terms of the lock-up agreement within 5 business days from the date hereof. Lastly, in the event that Amarant fails to make any payments hereunder on a timely basis, it hereby confesses to an arbitral award as to the unpaid amounts and the parties authorize the entry of such an arbitral award pursuant to the American Arbitration Association arbitration clauses previously agreed; this confession of arbitral award is verified by the undersigned who have personal knowledge of the facts and affirm that they are for just debts arising from the sale of property, and this confession is signed by each of the undersigned under oath that the terms are true to the best of their knowledge. The parties further agree to execute and deliver any other documents which may be necessary to effectuate this confession and authorization of arbitral award within 48 hours of a request by the other party or the arbitrator. The Amendment had a confidentiality provision which is no longer operational. The Amendment also provided that subject to Amarant’s performance of the payment obligations, the Company would waive rights to object to Amarant’s transfer of the property to Alluvia; however, Amarant did not meet its payment obligations. The Amendment further provided that the Company would extend the time for Amarant to effect certain name changes until March 31, 2013 with Amarant’s performance of the payment obligations, but Amarant failed to meet its payment obligations. The Company has received the 1,000,000 shares of Alluvia which are restricted for 6 months, until May 28, 2013. No value has been recorded for these shares for the following reasons; a) there is currently no active trading market to value these shares except the “Mangold List” in Sweden, b) we do not have access to the financials of Alluvia to aid in calculating a value, and c) these shares received present a small minority ownership of Alluvia. Amarant and Alluvia remain in default of certain material provisions of the agreements with the Company. See attached Exhibit 10.60.

The Notes carries 3% per annum Cash Coupon/Guaranteed Minimum Annual IRR of 15% at a liquidity event, if any (“Liquidity Event”). The Notes may be prepaid without any penalty. As of September 19, 2012, GGCRL resolved reported outstanding issues which had blocked implementation of the joint venture agreement and execution of the Share Transfer Agreements. Global Gold’s ownership in GGCRL is and shall be the greater value of either 51% or the pro forma value of \$40.0 million 30 days after the stock is publicly traded. On September 19, 2012, the CRA rep to the GGCRL board consented to an extension for the repayment of any debt to CRA until the sooner of September 19, 2013, a public listing of GGCRL, or a financing of GGCRL, as previously disclosed. The Company believes it is in compliance with all the terms and conditions of the loan agreement and disputes the alleged notice.

Changes in a parent's ownership interest while retaining its controlling financial interest are accounted for as an equity transactions. The carrying amount of the noncontrolling interest is adjusted to reflect the change in its ownership interest in the subsidiary. The difference between the fair value of the consideration received and the amount by which the noncontrolling interest is adjusted is recognized as equity attributable to the parent. Further, the carrying amount of the accumulated other comprehensive income is adjusted to reflect the change in the ownership interest in the subsidiary through a corresponding charge to equity attributable to the parent.

The name of the joint venture company is Compania Minera Global Gold Valdivia S.C.M. (“Global Gold Valdivia” or “GGV”).

Key agreement terms for the Madre De Dios joint venture agreement include a 1,000,000 euro payment from Global Gold (paid as of October 30, 2007), and the following joint venture terms equity interests set at 51%-49% in favor of Global Gold; of the 3 directors, two (Mr. Krikorian and Dr. Ted Urquhart, Global's Vice President in Santiago) are appointed by Global Gold; Global Gold commits to finance at least one plant and mining operation within 6 months as well as a mutually agreed exploration program to establish proven reserves, if that is successful, two additional plants/operations will be financed; from the profits of the joint venture, Global Gold will pay its partner an extra share based on the following scale of 28 million euros for (a) 5 million ounces of gold produced in 5 years or (b) 5 million ounces of gold proven as reserves according to Canadian National Instrument 43-101 (“NI 43-101”) standards in 5 years. The 6 month obligation was amended and extended by the October 27, 2007 Pact to a period of 3 years. The definitions of proven and probable reserves in NI 43-101 reports differ from the definitions in SEC Industry Guide 7. Also, the SEC does not recognize the terms “measured resources and indicated resources” or “inferred resources” which are used in NI 43-101 reports.

On July 24, 2009, Global Gold entered into an amendment with members of the Quijano family (“Quijano”) to the October 29, 2007 Global Gold Valdivia joint venture subject to final board approval on or before July 31, 2009 whereby GGV will become wholly owned by Global Gold and retain only the Pureo Claims Block (approximately 8,200 hectares), transferring the Madre De Dios claims block to the sole ownership to members of the Quijano family. On July 28, 2009, the amendment was approved by the Company’s board of directors.

Key terms of the amendment included that on or before August 15, 2009, GGV transfer to Quijano or his designee one hundred percent (100%) interest in the current GGV claims identified as the Madre De Dios Claims Block and Quijano transfer to Global Gold one hundred percent (100%) interest in the GGV, or its designee, and the remaining claims identified as the Pureo Claims Block. All transfers were closed in Santiago, Chile on August 14, 2009 which terminated the joint venture. If GGV does not commence production on a commercial basis on the property being transferred to its sole control pursuant to this agreement within two years (subject to any time taken for permitting purposes), the property shall revert to Quijano.

Quijano shall be entitled a 3% NSR royalty interest in all metals produced from the properties retained in GGV up to a maximum of 27 million Euros, subject to Quijano’s initial repayment of \$200,000 to Global Gold. For three years, Quijano shall also have a right of first refusal on any bona fide offers for all or any part of the properties retained by GGV or its designee (to be exercised within twenty (20) days). The Company’s obligations, as amended, were transferred to Amarant.

Coventus/Amarant Agreements

On October 27, 2010, the Company entered into an agreement with Coventus Ltd. a BVI corporation (“Coventus”) for the sale of 100% interest in GGV which holds the Pureo mining assets in Chile. The Company will provide Coventus with consulting services and technical assistance for development, production, exploration, and expansion of the GGV mining properties in further consideration of the payment terms below.

Key terms include that Conventus shall pay \$5.0 million USD over four years and two months payable as follows: \$250,000 on or before October 31, 2010; \$250,000 on or before November 30, 2010; \$500,000 at the closing on or before March 31, 2011; \$1,000,000 on or before December 31, 2011; \$1,000,000 on or before December 31, 2012; \$1,000,000 on or before December 31, 2013; and \$1,000,000 on or before December 31, 2014 until \$5,000,000 in total has been paid. If the sale does not close, the Company is responsible for repayment of the \$500,000 in payments made prior to closing based on terms contingent upon the reason for the closing to not occur. Payments to the Company will be secured. As of October 27, 2010, Conventus Ltd shall be solely responsible, at its own expense for all expenses and other matters required by contract or law to comply with conditions related to the Pureo property, and in particular with the July 24, 2009 contractual condition to commence production on a commercial basis on the property being transferred to its sole control pursuant to this agreement on or before August 15, 2011(subject to any time taken for permitting purposes).

As additional consideration, if within seven years, Conventus or any of its successors produces 150,000 ounces of gold from the GGV property or property in Chile which the Company assists GGV or Conventus in acquiring, then Conventus shall or shall cause GGV to pay the Company a one-off and once only \$2,500,000 bonus within 60 days of achieving such production. The closing of the transaction is subject to a definitive agreement and agreement being reached with Mr. Ian Hague, with respect to his royalty to the satisfaction of Conventus. The closing date is anticipated to be on or before March 31, 2011. See Subsequent Events for an update on the Pureo property.

On December 2, 2011, the Company closed an amended agreement with Conventus and Amarant, originally entered into on October 27, 2010, for the sale of 100% interest in the GGV which held the Pureo mining assets in Chile. As part of the amendment and closing, Global Gold also sold 100% interest in its wholly owned subsidiaries Global Oro and Global Plata, both of which are Delaware Limited Liability Corporations, and are each 50% owners of Minera Global in exchange for additional compensation, payable on or before December 15, 2011, of a 1% interest in Amarant. GGV is owned by Minera Global (51%) and Global Oro (49%). Conventus has assigned its right and obligations from this agreement to Amarant. Key terms included that Amarant shall pay the \$4.0 million USD remaining of the \$5.0 million USD sale price obligation as follows: \$1,000,000 on or before December 15, 2011; \$1,000,000 on or before December 15, 2012; \$1,000,000 on or before December 15, 2013; and \$1,000,000 on or before December 31, 2014 subject to the terms and conditions in the agreement. As additional consideration, if within seven years, Amarant or any of its successors produces 150,000 ounces of gold from the Pureo property then Amarant shall pay the Company a one-off and once only \$2,500,000 bonus within 60 days of achieving such production.

On April 13, 2012, the Company entered into an "Amended Joint Membership Interest Purchase Agreement" with Amarant to amend the parties' December 2, 2011 "Joint Membership Interest Purchase Agreement" as follows: the 1 million dollar payment from Amarant due the Company on December 15, 2011 shall be paid by April 20, 2012; the three "Additional Payments" of 1 million dollars due on each of December 15, 2012, December 15, 2013, and December 15, 2014 shall all be paid in a lump sum of three million dollars prior to May 31, 2012, as further described in Exhibit 10.49. On April 13, 2012, the Company also received a guaranty from Contender Kapital AB of Stockholm Sweden ("Contender") that if Amarant fails to make the 1 million dollar payment to the Company on or before Friday April 20, 2012, Contender will satisfy the 1 million dollar payment, as further described in Exhibit 10.50. On May 10, 2012, the Company and Amarant agreed that the Company would forego legal actions in exchange for payment by Amarant of the \$800,000 balance due plus a \$50,000 additional compensation payment by May 11, 2012 and the shortening of the grace period for late payment of the \$3 million dollar payment due from Amarant to the Company from 60 days to 10 days after May 31, 2012. On May 9, 2012, Contender acknowledged that it had received notice of its obligation to pay on a valid guaranty of \$1 million, and reaffirmed its guaranty. Contender defaulted on its guaranty. On May 18, 2012, Amarant and its principal, Mr. Ulander, agreed to pay Global an additional \$50,000 payment (in addition to the previously agreed \$50,000 additional payment) in exchange for foregoing legal action. On June 15, 2012, the Company conditionally agreed to a revised schedule of debt repayment through August 30, 2012. The revised schedule provides the Company to receive; a) 20% of net proceeds of funds raised by Alluvia or Amarant or their affiliates with a ceiling of \$3,250,000 (which includes additional compensation) from any source; b) a \$250,000 payment, and c) an additional \$200,000 payment to the company. Also, the Company agreed to conditionally waive its right of first refusal with respect to transfer of GGV shares as part of this revision, but these conditions were not met and the Company has advised that the purported assignment to Alluvia is invalid. As one provision of the amended sale closed on December 2, 2011, the Company was to receive certain shares or ownership of Amarant, amounting to 533,856 shares of Amarant. These shares were received in July 2012. No value has been recorded for these shares for the following reasons; a) there is currently no active trading market to value these shares except the "Mangold List" in Sweden, b) we do not have access to the financials of Amarant to aid in calculating a value, and c) these shares received present a small minority ownership of Amarant. Amarant and Alluvia remain in default of certain material provisions of this sale agreement with Amarant.

On November 28, 2012, the Company and Amarant (the “Parties”) entered into an Amended Joint Membership Interest Purchase Agreement (the “Amendment”), which again restructured the terms of the Joint Interest Membership Interest Purchase Agreement (the “MIPA”), dated December 2, 2011, among the Company, Amarant, and the other parties signatory thereto and amended on April 13, 2012 (“Amended MIPA”). Pursuant to the MIPA and all of its amendments the Parties agree that as of November 28, 2012 Amarant owes \$3,275,000 to the Company. Interest accrues at 12% per annum.

Key terms of the Amendment include: Amarant agrees that it shall pay the Company the following amounts by the close of business Central European Time (“CET”) on the indicated dates: (i) \$200,000 on November 29, 2012; (ii) \$150,000 on or before November 30, 2012, (iii) \$450,000 on or before December 6, 2012; (iv) \$700,000 on or before December 17, 2012 and; (v) \$1,775,000 on or before December 28, 2012. With respect to the payments in (iii), (iv) and (v) as the largest shareholder of Alluvia Mining Ltd. (“Alluvia”), Amarant guarantees that 50% of all funds raised by Alluvia shall be paid to the Company until such payments are satisfied in full. As further consideration and in satisfaction of any and all alleged damages resulting from of Amarant’s failure to perform any obligation prior hereto, Amarant agrees to transfer to the Company One Million (1,000,000) ordinary shares of Alluvia held by Amarant, within 15 days of a fully executed lock-up agreement whereby the Company will be restricted from transferring any of such shares for a period of 6 months from the date of transfer. The Parties agree to act in good faith to prepare and agree on the terms of the lock-up agreement within 5 business days from the date hereof. Lastly, in the event that Amarant fails to make any payments hereunder on a timely basis, it hereby confesses to an arbitral award as to the unpaid amounts and the parties authorize the entry of such an arbitral award pursuant to the American Arbitration Association arbitration clauses previously agreed; this confession of arbitral award is verified by the undersigned who have personal knowledge of the facts and affirm that they are for just debts arising from the sale of property, and this confession is signed by each of the undersigned under oath that the terms are true to the best of their knowledge. The parties further agree to execute and deliver any other documents which may be necessary to effectuate this confession and authorization of arbitral award within 48 hours of a request by the other party or the arbitrator. The Amendment had a confidentiality provision which is no longer operational. The Amendment also provided that subject to Amarant’s performance of the payment obligations, the Company would waive rights to object to Amarant’s transfer of the property to Alluvia; however, Amarant did not meet its payment obligations. The Amendment further provided that the Company would extend the time for Amarant to effect certain name changes until March 31, 2013 with Amarant’s performance of the payment obligations, but Amarant failed to meet its payment obligations. The Company has received the 1,000,000 shares of Alluvia which are restricted for 6 months, until May 28, 2013. No value has been recorded for these shares for the following reasons; a) there is currently no active trading market to value these shares except the “Mangold List” in Sweden, b) we do not have access to the financials of Alluvia to aid in calculating a value, and c) these shares received present a small minority ownership of Alluvia. Amarant and Alluvia remain in default of certain material provisions of the agreements with the Company. See attached Exhibit 10.60.

Industrial Minerals Agreements

March 24, 2009, the Company signed a supply contract agreement with Industrial Minerals SA (“IM”), a Swiss Company. The agreement is for IM to purchase all of the gold and silver concentrate produced at the Company’s Toukmanuk facility at 85% of LBMA less certain treatment and refining charges.

On February 25, 2010, the Company, through its wholly owned subsidiary Mego entered into an agreement with IM to provide Mego with an advance of \$450,000 from IM against future sales of gold and silver concentrate (the “Advance”). The Advance was provided by IM on February 26, 2010. The Company owed \$87,020 from the Advance as of March 31, 2013 and December 31, 2012.

Key terms include; that Mego provides IM with an exclusive off-take agreement for its gold and silver concentrate in Armenia through December 31, 2012; for 2009 and until February 25, 2010, the price IM paid Mego for gold and silver concentrate was calculated based on 85% of the London AM/PM Gold Fixation and London Silver Spot (“London Rates”), until Mego delivers 2,250 metric tons of concentrate the 85% is reduced to 80%, after 2,250 metric tons have been delivered the price will revert to 85% of London Rates; Mego provides IM with a security interest in its current ore stockpile in Armenia; and the Company provides for a corporate guarantee for repayment of the Advance.

Caldera Agreements

On December 18, 2009, the Company entered into an agreement with Caldera Resources Inc. (“Caldera”) outlining the terms for a joint venture on the Company’s Marjan property in Armenia (“Marjan JV”).

Key terms included that Caldera shall, subject to terms and conditions, earn a 55% interest in the Marjan Gold-Silver-Polymetallic Project after completing a bankable feasibility study on the project or spending US\$3.0M on the property.

As additional consideration, Caldera made a non-refundable US\$50,000 deposit by December 30, 2009 and issued 500,000 shares of the company on a post-consolidated basis. Caldera was also to make a payment of US\$100,000 no later than March 30, 2010. A definitive agreement was to be signed as soon as possible, upon completion of due diligence review, respective board approvals and any regulatory approval that may be required. The Company received the US\$50,000 deposit on December 29, 2009, and (after March 31, 2010) the \$100,000 payment.

On March 24, 2010, the Company entered into an agreement with Caldera establishing the terms for a joint venture on the Company’s Marjan property in Armenia (“Marjan JV”) which amended the terms of the December 18, 2009 agreement.

Key terms included that Caldera would own 55% of the shares of a newly created joint venture company, become the operator of the project, and be responsible for all expenses. To maintain its 55% interest, Caldera was obligated to spend up to US\$ 3,000,000 on the Property, and issue 500,000 shares of Caldera to the Company. The joint venture board would have two Caldera representatives and one Global Gold representative. However, certain actions including adoption of the annual operating and capital budgets require unanimous consent. Should Caldera not perform in accordance with the terms of the Marjan JV, then Global Gold would have 100% interest of the Marjan JV transferred back and Caldera will receive an NSR on the Marjan property equal to .5% for each tranche of US\$ 1,000,000 up to a maximum NSR of 3% without any prorating.

Also under the terminated joint venture agreement Caldera would own 100% in the Marjan Gold-Silver Project by making quarterly payments totaling US\$ 2,850,000, starting September 30, 2010. If Caldera missed one of its quarterly payments based on its failure to raise funds from capital markets, it was entitled to an automatic 30 day extension from each quarterly payment; if Caldera defaulted on an extended payment then Caldera would forfeit its shares of the Marjan JV, be relieved of its investment commitment, but still be liable for the payments to Global Gold which would accrue interest at 10%, and possibly retain a royalty interest as described above. If Caldera made its payments and completed its obligations, Global Gold would retain a 1.5% NSR on all production on the Central zone and a 2.5% NSR on all production on the Northern zone. Caldera could prepay the payments, fulfill the investment commitment, and take 100% interest of the JV at any time.

The agreement was subject to approval by the TSX Venture Exchange and the Board of Directors of the respective companies. As of April 30, 2010, Caldera paid the Company \$100,000. Caldera further informed the Company that it received TSX Venture Exchange approval on the transaction, which subsequently proved to be untrue. On October 7, 2010, the Company terminated the Marjan JV for Caldera’s non-payment and non-performance as well as Caldera’s illegal registrations in Armenia and other actions. In October 2010, Caldera filed for arbitration in New York City. In September 2010, at Caldera’s invitation, the Company filed to reverse the illegal registration in Armenia. That litigation and the New York arbitration were subsequently resolved in favor of the Company, restoring the Company’s 100% ownership of Marjan, and the United States Federal District Court has issued a judgment confirming the arbitral award in the Company’s favor. The Armenian Government issued a new mining license to the Company’s wholly owned subsidiary Marjan Mining Company on March 5, 2013.

The arbitration is still open with respect to Global Gold’s costs, attorney fees, and counterclaims for damages against Caldera.

The balance owed was \$1,195,915 and \$1,393,948 at March 31, 2013 and December 31, 2012.

Consolidated Resources Agreement

As of March 17, 2011, the Company entered into an agreement (the “Formation Agreement”) with Consolidated Resources USA, LLC, a Delaware company (“CRU”) for a joint venture on the Company’s Toukhmanuk and Getik properties in Armenia (the “Properties”). Upon payment of the initial consideration as provided below, Global Gold and CRU will work together for twelve months (the “12 Month Period”) to develop the Properties and cause the Properties to be contributed to a new joint venture company, whose identity and terms will be mutually agreed, (the “JVC”). Rasia, a Dubai-based principal advisory company, acted as sole advisor on the transaction.

As of December 31, 2011, the Company received the full \$5,000,000 funding from CR. Mr. Marvin resigned from the Global Gold board on February 24, 2012 for personal reasons.

Pursuant to the JV Agreement, Global Gold and CR were working together for twelve months (the “12 Month Period”) from the date of the JV Agreement to develop the Properties, improve the financial performance and enhance shareholder value. The JV Agreement enables Global Gold to complete its current Toukhmanuk production expansion to 300,000 tonnes per year and advance exploration in Armenia. Global Gold and CR agree to form a new Joint Venture Company (“JVC”) to be established by CR, subject to terms and conditions mutually and reasonably agreed with Global Gold, provided that JVC shall have no liabilities, obligations, contingent or not, or commitments, except pursuant to a shareholders’ agreement. Global Gold and CR intend to integrate all of Global Gold’s Toukhmanuk and Getik mining and exploration operations into the JVC.

The JVC will (i) own, develop and operate Toukhmanuk and Getik, (ii) be a company listed on an exchange fully admitted to trading or be in the process of being listed on such exchange and (iii) have no liabilities, obligations, contingent or not, or commitments except pursuant to the shareholders agreement. The JVC will issue new shares to the Company such that following any reverse merger or initial public offering of JVC's shares ("IPO"), Global Gold shall directly or indirectly hold the greater of (a) 51% of the equity of JVC, or (b) \$40.0 million in newly issued stock of JVC, calculated based on the volume weighted average price ("VWAP") of such shares over the first 30 (thirty) days of trading following the IPO, assuming issuance of all shares issuable in the IPO, and assuming issuance of all shares issuable as management shares and conversion of the Notes issued under the Instrument (as defined) and all other convertible securities and exercise of any warrants or other securities issued in connection with the IPO, such that if following any reverse merger or IPO, the value of \$40.0 million in newly issued shares based on VWAP of JVC shares is greater than the Global Gold's 51% equity ownership in JVC valued as above, new shares in JVC will be issued to the Global Gold such that the aggregate value of Global Gold's ownership in JVC is shares having a value of \$40.0 million based on VWAP, and the Company shall remain in control of the JVC following the public listing.

On February 6, 2012, the Company received consent from shareholders representing a majority over 65% of its outstanding Common Stock to transfer the 100% interests in Mego and Getik Mining Company, LLC into GGCR Mining, LLC, a Delaware limited liability company, owned by a joint venture company, Global Gold Consolidated Resources Limited, a Jersey Island private limited company ("GGCR"), per the terms of the April 27, 2011 Joint Venture Agreement with Consolidated Resources Armenia, an exempt non-resident Cayman Islands company ("CRA"). The JVC was to issue new shares to the Company such that following any reverse merger or initial public offering of JVC's shares ("IPO"), Global Gold shall directly or indirectly hold the greater of (a) 51% of the equity of JVC, or (b) \$40.0 million in newly issued stock of JVC, calculated based on the volume weighted average price ("VWAP") of such shares over the first 30 (thirty) days of trading following the IPO, assuming issuance of all shares issuable in the IPO, and assuming issuance of all shares issuable as management shares and conversion of the Notes issued under the Instrument (as defined) and all other convertible securities and exercise of any warrants or other securities issued in connection with the IPO, such that if following any reverse merger or IPO, the value of \$40.0 million in newly issued shares based on VWAP of JVC shares is greater than the Global Gold's 51% equity ownership in JVC valued as above, new shares in JVC will be issued to the Global Gold such that the aggregate value of Global Gold's ownership in JVC is shares having a value of \$40.0 million based on VWAP, and the Company shall remain in control of the JVC following the public listing, all as further described in exhibit 10.34 below. The Board of Directors of Global Gold Corporation previously approved the same transaction, discussed above, on January 5, 2012.

Based on the approval of the Board of Directors of Global Gold received on January 5, 2012 and on receiving consent from its shareholders representing over a 65% majority of its outstanding Common Stock on February 6, 2012, to transfer the 100% interest in Mego and Getik Mining Company, LLC into GGCR Mining, LLC, a Delaware limited liability company ("GGCR Mining"), owned by a joint venture company, Global Gold Consolidated Resources Limited, a Jersey Island private limited company ("GGCR"), per the terms of the April 27, 2011 Joint Venture Agreement with Consolidated Resources Armenia, an exempt non-resident Cayman Islands company ("CRA"), the Company entered into the following agreements on or about February 19, 2012 updating previous agreements, all as further described in the exhibits attached, on the following dates:

- Shareholders Agreement for GGCR dated February 18, 2012 (Exhibit 10.36)
- Supplemental Letter dated February 19, 2012 (Exhibit 10.37)
- Getik Assignment and Assumption Agreement dated February 19, 2012 (Exhibit 10.38)
- MG Assignment and Assumption Agreement dated February 19, 2012 (Exhibit 10.39)
- Guaranty dated February 19, 2012 (by GGC to CRA) (Exhibit 10.40)
- Guaranty dated February 19, 2012 (by GGCR Mining to CRA) (Exhibit 10.41)
- Security Agreement dated February 19, 2012 (by GGCR and GGCR Mining to CRA) (Exhibit 10.42)
- Action by Written Consent of the Sole Member of GGCR Mining, LLC dated February 19, 2012 (Exhibit 10.43)
- Certificate of Global Gold Corporation dated February 19, 2012 (Exhibit 10.44)
- Global Gold Consolidated Resources Limited Registered Company No 109058 Written resolutions by all of the directors of the Company (Exhibit 10.45)
- Action by Written Consent of the Board of Managers of GGCR Mining, LLC (Exhibit 10.46)

Key terms included that Global Gold will retain 51% of the shares of GGCR, which will be a subsidiary of the Company, per the terms of the April 27, 2011 Joint Venture Agreement as approved and described above. The Board of Directors of GGCR Mining would be comprised of Van Krikorian, from GGC, Prem Premraj, from CRA, and three non-executive independent directors to be selected in the future. Pending the closing, if any, GGM was designated as the manager of the Toukhmanuk and Getik properties, with reasonable costs incurred by GGM with respect thereto being passed through to GGCR and GGCR Mining, as applicable, for reimbursement. The April 26, 2012 deadline set in the April 2011 JV Agreement to close the transaction passed without a closing for several reasons, as previously reported, clarification and settlement efforts followed.

On September 26, 2012, GGM entered into two Share Transfer Agreements with GGCR Mining covering the transfer of all the shares of the Armenian companies Mego and the Getik Mining Company, LLC which respectively hold the Toukhmanuk and Getik mining properties in Armenia. The Share Transfer Agreements were concluded in accordance with the previously disclosed agreements with Consolidated Resources Armenia and Consolidated Resources USA, LLC, a Delaware limited liability company to fund development and form a joint venture on the Company's Toukhmanuk and Getik properties in Armenia. GGCR Mining will (i) own, develop and operate Toukhmanuk and Getik gold mining properties, and be a (ii) be a company listed on an exchange fully admitted to trading. As of September 19, 2012, GGCR resolved reported outstanding issues which had blocked implementation of the joint venture agreement and execution of the Share Transfer Agreements. Global Gold's ownership in GGCR is and shall be the greater value of either 51% or the pro forma value of \$40.0 million 30 days after the stock is publicly traded. The sole officers of GGCR as of September 19, 2012 are: Mr. Van Krikorian, Executive Chairman; Mr. Jan Dulman, Financial Controller/CFO/Treasurer; and Mr. Ashot Boghossian Armenia Managing Director, with Ogier -Corporate Services (Jersey) Limited continuing as secretary of the Company. See attached Exhibits 10.58 and 10.59.

On October 26, 2012, the shares of Mego and Getik were registered, subject to terms and conditions as stated in the transfer documents, with the State Registry of the Republic of Armenia, as being fully owned by GGCR Mining. The registration was completed after approval was given by ABB which required Global Gold to guaranty the ABB line of credit payable.

Rent Agreements

The Company rented office space in a commercial building at 45 East Putnam Avenue, Greenwich, CT where it signed a 5-year lease starting on March 1, 2006 at a starting annual rental cost of \$44,200. On October 1, 2006, the Company expanded its office space by assuming the lease of the adjacent office space. The assumed lease had less than one year remaining, through September 30, 2008, at an annual rental cost of \$19,500. The assumed lease was extended for an additional year through September 30, 2009 at an annual rental cost of \$22,860 for that period. The assumed lease was further extended through October 15, 2009 at which point the Company vacated the additional space. Messrs. Gallagher and Krikorian gave personal guarantees of the Company's performance for the first two years of the lease. On April 1, 2011, the Company moved its corporate headquarters from Greenwich, CT to 555 Theodore Fremd Avenue, Rye, NY 10580. The new lease had annual costs of; \$63,045 in year 1, \$64,212.50 in year 2, \$65,380 in year 3, \$66,547.50 in year 4, and \$67,715 in year 5.

13. LEGAL PROCEEDINGS

In 2006, GGH, which was the license holder for the Hankavan and Marjan properties, was the subject of corrupt and improper demands and threats from the now former Minister of the Ministry of Environment and Natural Resources of Armenia, Vardan Ayvazian. The Company reported this situation to the appropriate authorities in Armenia and in the United States. Although the Minister took the position that the licenses at Hankavan and Marjan were terminated, other Armenian governmental officials assured the Company to the contrary and Armenian public records confirmed the continuing validity of the licenses. The Company received independent legal opinions that all of its licenses were valid and remained in full force and effect, continued to work at those properties, and engaged international and local counsel to pursue prosecution of the illegal and corrupt practices directed against the subsidiary, including international arbitration. On November 7, 2006, the Company initiated the thirty-day good faith negotiating period (which is a prerequisite to filing for international arbitration under the 2003 SHA, LLC Share Purchase Agreement) with the three named shareholders and one previously undisclosed principal, Mr. Ayvazian. The Company filed for arbitration under the rules under the International Chamber of Commerce, headquartered in Paris, France ("ICC"), on December 29, 2006. On September 25, 2008, the Federal District Court for the Southern District of New York ruled that Mr. Ayvazian was required to appear as a respondent in the ICC arbitration. On September 5, 2008, the ICC International Court of Arbitration ruled that Mr. Ayvazian shall be a party in accordance with the decision rendered on September 25, 2008 by the Federal District Court for the Southern District of New York. Subsequently, in December 2011 the ICC Tribunal decided to proceed only with the three named shareholders; in March 2012, GGM filed an action in Federal District Court pursuant to that Court's decisions for damages against Ayvazian and/or to conform the ICC Tribunal to the precedents, and on July 11, 2012 the Federal Court entered judgment in favor of the Company, which was not appealed and became final. Based on the evidence of the damages suffered as a result of Ayvazian's actions, the final \$37,537,978.02 federal court judgment in favor of GGM is comprised of \$27,152,244.50 in compensatory damages plus \$10,385,734.52 of interest at 9% from 2008. The Company has notified the ICC that the pending arbitration against the other three shareholders should be terminated as moot, considering the final judgment against Ayvazian. The ICC has complied with the Company's request and terminated that proceeding. On September 6, 2012, the United States Marshal Service for the Southern District of New York filed for service a Writ of Execution to be enforced against Mr. Vardan Ayvazian in favor of GGM. The Writ of Execution was issued by the United States District Court for the Southern District of New York following the order and judgment of Judge J. Paul Oetken and final entry of that judgment (No. 12,1260), without appeal. The terms of the Writ of Execution and the Thirty Seven Million Five Hundred Thirty Seven Thousand Nine Hundred Seventy Eight dollars and Two cents (\$37,537,978.02) amount of the judgment in favor of GGM are more particularly described in Exhibit 10.56 below.

In addition, and based on the US Armenia Bilateral Investment Treaty, GGM filed a request for arbitration against the Republic of Armenia for the actions of the former Minister of Environment and Natural Resources with the International Centre for Settlement of Investment Disputes, which is a component agency of the World Bank in Washington, D.C. ("ICSID"), on January 29, 2007. On August 31, 2007, the Government of Armenia and GGM jointly issued the following statement, "[they] jointly announce that they have suspended the ICSID arbitration pending conclusion of a detailed settlement agreement. The parties have reached a confidential agreement in principle, and anticipate that the final settlement agreement will be reached within 10 days of this announcement." The Company has learned from public records that GeoProMining Ltd., through an affiliate, has become the sole shareholder of an Armenian Company, Golden Ore, LLC, which was granted a license for Hankavan. GeoProMining Ltd. is subject to the 20% obligations as successor to Sterlite Resources, Ltd. As of February 25, 2008, GGM entered into a conditional, confidential settlement agreement with the Government of the Republic of Armenia to discontinue the ICSID arbitration proceedings, which were discontinued as of May 2, 2008. This agreement did not affect the ICC arbitration or litigation involving similar subject matter.

Based on a false representation by Caldera, on June 17, 2010, Global Gold Corporation and its subsidiary, GGM, LLC (collectively "Global") and Caldera Resources, Inc. ("Caldera") announced TSX-V approval of their March 24, 2010 joint venture agreement to explore and bring the Marjan property into commercial production. As previously reported, the property is held with a twenty-five year "special mining license," effective April 22, 2008, and expiring April 22, 2033, which expanded the prior license term and substantially increased the license area. The license required payments of annual governmental fees and the performance of work at the property as submitted and approved in the mining plan, which includes mining of 50,000 tonnes of mineralized rock per year, as well as exploration work to have additional reserves approved under Armenian Law in order to maintain the licenses in good standing. Caldera advised Global as well as governmental authorities that it would not be complying with the work requirements which prompted 90 day termination notices from the government and the October 7, 2010 joint venture termination notice from Global, which Global had agreed to keep the termination notice confidential until October 15, 2010.

The joint venture agreement provided that Caldera would be solely responsible for license compliance and conducting the approved mining plan, and that “[i]n the event that Caldera does not, or is otherwise unable to, pursue this project and pay to Global Gold the amounts provided for hereunder, Caldera’s rights to the Property and the shares of Marjan-Caldera Mining LLC shall be forfeited and replaced by a Net Smelter Royalty (the “NSR”).” Caldera did not meet the threshold to earn any NSR under the agreement, and its notice of license non-compliance as well as its failure to pay resulted in an automatic termination of its rights by operation of the agreement. The agreement provided that Caldera would deliver 500,000 of its shares to Global, “subject to final approvals of this agreement by the TSX Venture Exchange.” Caldera advised that the TSX Venture Exchange approval was issued in June 2010 and Caldera failed to deliver the shares. Subject to a 30 day extension if it could not raise the funds in capital markets, Caldera agreed to make a \$300,000 payment to the Company on September 30, 2010 and December 31, 2010; \$250,000 on March 30, 2011, September 30, 2011, September 30, 2011, December 30, 2011, March 30, 2012, September 30, 2012, and September 30, 2012; and \$500,000 on December 31, 2012. Caldera raised sufficient funds, but did not make these payments.

The agreement was subject to approval by the TSX Venture Exchange and the Board of Directors of the respective companies. Caldera further informed the Company that it received TSX Venture Exchange approval on the transaction, which subsequently proved to be untrue. On October 7, 2010, the Company terminated the Marjan JV for Caldera’s non-payment and non-performance as well as Caldera’s illegal registrations in Armenia and other actions. In October 2010, Caldera filed for arbitration in New York City. In September 2010, at Caldera’s invitation, the Company filed to reverse the illegal registration in Armenia. That litigation and the New York arbitration were subsequently resolved in favor of the Company, restoring the Company’s 100% ownership of Marjan.

In a final, non-appealable decision issued and effective February 8, 2012, the Armenian Court of Cassation affirmed the July 29, 2011 Armenian trial court and December 12, 2012 Court of Appeals decisions which ruled that Caldera's registration and assumption of control through unilateral charter changes of the Marjan Mine and Marjan Mining Company, LLC were illegal and that ownership rests fully with GGM. The official versions of the Armenian Court decisions are available through <http://www.datalex.am/>, with English translations available on the Company’s website .

On March 29, 2012, in the independent New York City arbitration case Global Gold received a favorable ruling in its arbitration proceeding in New York with Caldera which is available on the Company's website, see Exhibit 10.48. The arbitrator issued a Partial Final Award which orders the Marjan Property in Armenia to revert to GGM based on the two failures to meet conditions precedent to the March 24, 2010 agreement. First, Caldera failed and refused to deliver the 500,000 shares to Global. Second, Caldera did not submit the final joint venture agreement to the TSX-V for approval until the middle of the arbitration proceedings, instead relying on superseded versions in its regulatory submissions and submitting “Form 5Cs” to the TSX-V which were false representations of Caldera’s obligations to Global.

The Partial Award states “By misrepresenting its payment obligations to the TSX-V, Caldera painted a false financial picture to the TSX-V and the investing public.” In addition, the arbitrator found that had he not come to the conclusions above, “Caldera and its officers effectively breached the JV Agreement and the terms of the Limited Liability Agreement” in multiple ways, including Caldera’s failure to make quarterly payments to Global.

The Partial Award orders reversion of the Marjan property to Global, return of amounts paid to Global by Caldera returned as the JV Agreement did not go into effect, a Net Smelter Royalty to Caldera of 0.5% for each tranche of \$1 million actually spent on the property, and further proceedings on Global’s claims for damages with additional hearings currently set to begin July 11, 2012. As previously reported, Global’s records establish that Caldera did not spend \$1 million on the Marjan property. Additionally, tax returns filed by Caldera in Armenia report less than \$400,000 spent on the property. The parties' arbitration agreement further provides that the award “shall be final and non-appealable” and for the award of attorney fees, arbitrator’s fees, and other costs. In accordance with the Arbitrator's order and the JV agreement, Global Gold has filed to confirm the Partial Final Award in Federal Court. Caldera is opposing the confirmation. The amounts paid to Global by Caldera total \$150,000 and is included in the Company’s accounts payable.

As of the filing date of this report, Global has reestablished control of Marjan Mining Company which is the license holder of the Marjan property (see Subsequent Events for an update on the confirmation received from the Federal Court). A new mining license, valid until April 22, 2033, has been issued to the Company. The Company's control has not been established over certain property, records, financial and tax information, or other assets maintained by Caldera such as warehouse and drill core as Caldera has failed to turn over such property despite being ordered to do so. The Company is proceeding with plans to mine in compliance with the mining license, and implement additional exploration to the best of its ability. Global is also taking legal action to protect its rights in an adjacent territory identified as "Marjan West" for which Caldera has publicly claimed to have a license but according to public, on-line government records, the company holding the license is 100% owned by another person.

Caldera has also publicly claimed that it continues to have rights to the Marjan property based on the parties' December 2009 agreement, but that agreement to agree was merged into the March 2010 agreement, called for completion of payments by Caldera by the end of 2012, and included other terms which Caldera cannot meet. Caldera's attempt to raise this issue in the arbitral proceedings following the March 29, 2012 decision in Global Gold's favor has not succeeded. Caldera and its officers and agents have also continued a defamatory campaign of harassment and filing of false claims over the internet and elsewhere against the Company and its officials which may be pursued during the damages phase of the arbitration.

On January 12, 2012, the Armenian Court of Cassation confirmed prior trial and appellate court rulings rejecting a proposed tax assessment against the Company's Mego-Gold subsidiary by the Armenian State Revenue Agency related to an incorrect claim concerning gold production at Toukhmanuk as well as incorrect applications of relevant law. Subsequently, the State Revenue agency has continued investigations and intimated that it is investigating and may make further claims against the Company based on the same matters previously adjudicated in the Company's favor as well as based on claims initiated and related to Caldera Resources and its agents during and after legal proceedings in which the Company prevailed against Caldera. Independent legal counsel has been engaged on these matters, and the Company considers that it has no liabilities in connection with allegations noted to date. The Company has alerted Armenian authorities to the evidence of corruption in connection with the purported investigation and the role of Caldera and its agents.

The Company was aware that another company was trading shares in the U.S. with the name Global Gold Corp. The Company's counsel sent the other company a cease and desist letter for using the similar name and requested that it change its name which it has done.

The Company is subject to various legal proceedings and claims that arise in the ordinary course of business. In the opinion of management, the amount of any ultimate liability with respect to these actions will not materially affect the Company's consolidated financial statements or results of operations. The Company has been brought to court by several disgruntled former employees and contractors for unpaid salaries and invoices, respectively, as well as some penalties for non payment which totals approximately \$100,000. The Company has recorded a liability for the actual unpaid amounts due to these individuals of approximately \$30,000 as of December 31, 2013 and the Company has deposited approximately \$20,000 at the Armenian Marshall service as security for the claims. The Company is currently, and will continue to, vigorously defending its position in courts against these claims that are without merit. The Company is also negotiating directly with these individuals outside of the courts in attempt to settle based on the amounts of the actual amounts due as recorded by the Company in exchange for prompt and full payment.

14. SUBSEQUENT EVENTS

In accordance with ASC 855, "Subsequent Events," the Company evaluated subsequent events after the balance sheet date of March 31, 2013 through the date of this filing.

In an Opinion and Order signed on April 15, 2013 and released on April 17, 2013, U.S. Federal Judge Kenneth M. Karas of the Southern District of New York confirmed the March 29, 2012 American Arbitration Association arbitration award issued by retired Justice Herman Cahn which, among other things, stated that "[t]he property should revert to [Global Gold] within thirty (30) days from the date [of the arbitration award – by April 29, 2012]. Obviously, [Global Gold] may cause the appropriate governmental bodies in Armenia to register the property in [Global Gold's] name." All as further described in the exhibit below.

On April 22, 2013, Global Gold Corporation issued a press release, on the above decision, announcing that the U.S. Federal Court ruled in favor of Global Gold against Caldera Resources, confirming the American Arbitration Association award on the Marjan property in Armenia.

On April 18, 2013, the Company authorized as directors' fees to each of the six directors (Nicholas Aynilian, Drury J. Gallagher, Harry Gilmore, Ian Hague, Lester Caesar and Van Z. Krikorian) 300,000 restricted shares of the Company's Common Stock at \$0.11 per share for a total value of \$33,000.

On April 18, 2013, the Company declared a stock bonus to employees in Armenia of 280,000 restricted shares of the Company's Common Stock at \$0.11 per share for a total value of \$30,800.

Despite consistent oral and written representations that the owners of Consolidated Resources Armenia consisted of Mr. Caralapati Premraj and Mr. Jeffrey Marvin, the Company has indirectly received documents purportedly establishing that Rasia Group and/or Mr. Joseph Borkowski own 100% of the voting shares of Consolidated Resources Armenia. Rasia and Mr. Borkowski have represented the ownership structure understood by the Company, and were compensated by the Company and by GGCRL as independent agents, and never disclosed any such conflicting interest in CRA. Upon learning of the allegations by Mr. Borkowski, the Company began an investigation and has asked for clarification from the GGCRL joint venture board members previously designated and confirmed by CRA.

The Company owns 533,856 shares of Amarant and 1,000,000 shares of Alluvia which are currently traded on the “Mangold List” in Sweden.

The Company holds a judgment in excess of \$37,000,000 against former Armenian Minister of Environment Vardan Aivazyan.

This agreement is governed by New York law and includes New York courts as choice of forum. On October 2, 2006, Vedanta Resources Plc announced that its tender offer to take control of Sterlite Gold Ltd. was successful which made it a successor to the twenty percent participation with Sterlite Gold Ltd. In September 2007, Vedanta (and Sterlite) announced that they had closed a stock sale transaction with GeoProMining Ltd., which made GeoProMining Ltd. and its affiliates the successors to the 20% participation right. The Company continues to review legal options to enforce the 20% right.

The Company retains the right to participate up to 20% in any new projects undertaken by the Armenian company Sipan 1, LLC and successors to and affiliates of Iberian Resources Limited, which merged with Tamaya Resources Limited, in Armenia, until August 15, 2015. The Company anticipates that it might obtain additional financing from the remaining holders of its Warrants to purchase 1,650,000 shares of Common Stock of the Company at an exercise price of \$0.10 per share, which will provide for an additional \$165,000 but these warrants have not been exercised as of the date of this filing.

The Company may engage in research and development related to exploration and processing during 2013, and is purchasing processing plant and equipment assets to expand production.

The Company has received a going concern opinion from its independent public accounting firm. This means that our auditors believe that there is doubt that we can continue as an on-going business for the next twelve months unless we raise additional capital to pay our bills. This is because the Company has not generated any substantial revenues. The Company has been able to continue based upon its receipt of funds from the issuance of equity securities and by acquiring assets or paying expenses by issuing stock, debt, or sale of assets. The Company's continued existence is dependent upon its continued ability to raise funds through the issuance of securities. Management's plans in this regard are to obtain other financing until profitable operation and positive cash flow are achieved and maintained.

Besides the funding from agreements with Amaran Mining Ltd. and Contender Kapital, AB there are no firm commitments from third parties to provide additional financing and the Company needs additional funds in order to conduct any active mining development and production operations in the foreseeable future. Especially in light of the international financial crisis starting in 2008, there can be no assurance that any financing for acquisitions or future projects will be available for such purposes or that such financing, if available, would be on terms favorable or acceptable to the Company.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have, or are reasonably likely to have, a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results or operations, liquidity, capital expenditures or capital resources that is material to investors.

Critical Accounting Policies and Estimates

There have been no material changes to our critical accounting policies and estimates from the information provided in Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations", included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

New Accounting Standards

Please see Note 2 of the Notes to Financial Statements in this quarterly report concerning new accounting standards.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company does not hold any market risk sensitive instruments nor does it have any foreign currency exchange agreements. The Company maintains an inventory of unprocessed ore and gold concentrate which are carried on the balance sheet at \$542,750 and \$545,660, respectively, with our Armenian subsidiary Mego-Gold LLC. The Company does not maintain any commodity hedges or futures arrangements with respect to this unprocessed ore.

Financial instruments which potentially subject the Company to concentrations of credit risk consist principally of cash. The Company places its cash with high credit quality financial institutions in the United States and Armenia. Bank deposits in the United States did not exceed federally insured limits as of March 31, 2013 and December 31, 2012. As of March 31, 2013 and December 31, 2012, the Company had approximately \$1,600 and \$3,900, respectively, in Armenian bank deposits which may not be insured. The Company has not experienced any losses in such accounts through March 31, 2013 and as of the date of this filing.

The majority of the Company's present activities are in Armenia. As with all types of international business operations, currency fluctuations, exchange controls, restrictions on foreign investment, changes to tax regimes, political action and political instability could impair the value of the Company's investments.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) and Rule 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended ("Exchange Act"), as of March 31, 2013. Based on this evaluation, our principal executive officer and principal financial officer have concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in the reports we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms and that our disclosure and controls are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is accumulated and communicated to our management, including our principal executive officer and principal financial officer, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Management's internal control report over financial reporting was not subject to attestation by the Company's independent registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting that occurred during our most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting except raw material and work in process physical inventories are being performed at the end of each quarter.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

In 2006, GGH, which was the license holder for the Hankavan and Marjan properties, was the subject of corrupt and improper demands and threats from the now former Minister of the Ministry of Environment and Natural Resources of Armenia, Vardan Ayvazian. The Company reported this situation to the appropriate authorities in Armenia and in the United States. Although the Minister took the position that the licenses at Hankavan and Marjan were terminated, other Armenian governmental officials assured the Company to the contrary and Armenian public records confirmed the continuing validity of the licenses. The Company received independent legal opinions that all of its licenses were valid and remained in full force and effect, continued to work at those properties, and engaged international and local counsel to pursue prosecution of the illegal and corrupt practices directed against the subsidiary, including international arbitration. On November 7, 2006, the Company initiated the thirty-day good faith negotiating period (which is a prerequisite to filing for international arbitration under the 2003 SHA, LLC Share Purchase Agreement) with the three named shareholders and one previously undisclosed principal, Mr. Ayvazian. The Company filed for arbitration under the rules under the International Chamber of Commerce, headquartered in Paris, France ("ICC"), on December 29, 2006. On September 25, 2008, the Federal District Court for the Southern District of New York ruled that Mr. Ayvazian was required to appear as a respondent in the ICC arbitration. On September 5, 2008, the ICC International Court of Arbitration ruled that Mr. Ayvazian shall be a party in accordance with the decision rendered on September 25, 2008 by the Federal District Court for the Southern District of New York. Subsequently, in December 2011 the ICC Tribunal decided to proceed only with the three named shareholders; in March 2012, GGM filed an action in Federal District Court pursuant to that Court's decisions for damages against Ayvazian and/or to conform the ICC Tribunal to the precedents, and on July 11, 2012 the Federal Court entered judgment in favor of the Company, which was not appealed and became final. Based on the evidence of the damages suffered as a result of Ayvazian's actions, the final \$37,537,978.02 federal court judgment in favor of GGM is comprised of \$27,152,244.50 in compensatory damages plus \$10,385,734.52 of interest at 9% from 2008. The Company has notified the ICC that the pending arbitration against the other three shareholders should be terminated as moot, considering the final judgment against Ayvazian. The ICC has complied with the Company's request and terminated that proceeding. On September 6, 2012, the United States Marshal Service for the Southern District of New York filed for service a Writ of Execution to be enforced against Mr. Vardan Ayvazian in favor of GGM. The Writ of Execution was issued by the United States District Court for the Southern District of New York following the order and judgment of Judge J. Paul Oetken and final entry of that judgment (No. 12,1260), without appeal. The terms of the Writ of Execution and the Thirty Seven Million Five Hundred Thirty Seven Thousand Nine Hundred Seventy Eight dollars and Two cents (\$37,537,978.02) amount of the judgment in favor of GGM are more particularly described in Exhibit 10.56 below.

In addition, and based on the US Armenia Bilateral Investment Treaty, GGM filed a request for arbitration against the Republic of Armenia for the actions of the former Minister of Environment and Natural Resources with the International Centre for Settlement of Investment Disputes, which is a component agency of the World Bank in Washington, D.C. ("ICSID"), on January 29, 2007. On August 31, 2007, the Government of Armenia and GGM jointly issued the following statement, "[they] jointly announce that they have suspended the ICSID arbitration pending conclusion of a detailed settlement agreement. The parties have reached a confidential agreement in principle, and anticipate that the final settlement agreement will be reached within 10 days of this announcement." The Company has learned from public records that GeoProMining Ltd., through an affiliate, has become the sole shareholder of an Armenian Company, Golden Ore, LLC, which was granted a license for Hankavan. GeoProMining Ltd. is subject to the 20% obligations as successor to Sterlite Resources, Ltd. As of February 25, 2008, GGM entered into a conditional, confidential settlement agreement with the Government of the Republic of Armenia to discontinue the ICSID arbitration proceedings, which were discontinued as of May 2, 2008. This agreement did not affect the ICC arbitration or litigation involving similar subject matter.

Based on a false representation by Caldera, on June 17, 2010, Global Gold Corporation and its subsidiary, GGM, LLC (collectively "Global") and Caldera Resources, Inc. ("Caldera") announced TSX-V approval of their March 24, 2010 joint venture agreement to explore and bring the Marjan property into commercial production. As previously reported, the property is held with a twenty-five year "special mining license," effective April 22, 2008, and expiring April 22, 2033, which expanded the prior license term and substantially increased the license area. The license required payments of annual governmental fees and the performance of work at the property as submitted and approved in the mining plan, which includes mining of 50,000 tonnes of mineralized rock per year, as well as exploration work to have additional reserves approved under Armenian Law in order to maintain the licenses in good standing. Caldera advised Global as well as governmental authorities that it would not be complying with the work requirements which prompted 90 day termination notices from the government and the October 7, 2010 joint venture termination notice from Global, which Global had agreed to keep the termination notice confidential until October 15, 2010.

The joint venture agreement provided that Caldera would be solely responsible for license compliance and conducting the approved mining plan, and that "[i]n the event that Caldera does not, or is otherwise unable to, pursue this project and pay to Global Gold the amounts provided for hereunder, Caldera's rights to the Property and the shares of Marjan-Caldera Mining LLC shall be forfeited and replaced by a Net Smelter Royalty (the "NSR")." Caldera did not meet the threshold to earn any NSR under the agreement, and its notice of license non-compliance as well as its failure to pay resulted in an automatic termination of its rights by operation of the agreement. The agreement provided that Caldera would deliver 500,000 of its shares to Global, "subject to final approvals of this agreement by the TSX Venture Exchange." Caldera advised that the TSX Venture Exchange approval was issued in June 2010 and Caldera failed to deliver the shares. Subject to a 30 day extension if it could not raise the funds in capital markets, Caldera agreed to make a \$300,000 payment to the Company on September 30, 2010 and December 31, 2010; \$250,000 on March 30, 2011, September 30, 2011, September 30, 2011, December 30, 2011, March 30, 2012, September 30, 2012, and September 30, 2012; and \$500,000 on December 31, 2012. Caldera raised sufficient funds, but did not make these payments.

The agreement was subject to approval by the TSX Venture Exchange and the Board of Directors of the respective companies. Caldera further informed the Company that it received TSX Venture Exchange approval on the transaction, which subsequently proved to be untrue. On October 7, 2010, the Company terminated the Marjan JV for Caldera's non-payment and non-performance as well as Caldera's illegal registrations in Armenia and other actions. In October 2010, Caldera filed for arbitration in New York City. In September 2010, at Caldera's invitation, the Company filed to reverse the illegal registration in Armenia. That litigation and the New York arbitration were subsequently resolved in favor of the Company, restoring the Company's 100% ownership of Marjan.

In a final, non-appealable decision issued and effective February 8, 2012, the Armenian Court of Cassation affirmed the July 29, 2011 Armenian trial court and December 12, 2012 Court of Appeals decisions which ruled that Caldera's registration and assumption of control through unilateral charter changes of the Marjan Mine and Marjan Mining Company, LLC were illegal and that ownership rests fully with GGM. The official versions of the Armenian Court decisions are available through <http://www.datalex.am/>, with English translations available on the Company's website.

On March 29, 2012, in the independent New York City arbitration case Global Gold received a favorable ruling in its arbitration proceeding in New York with Caldera which is available on the Company's website, see Exhibit 10.48. The arbitrator issued a Partial Final Award which orders the Marjan Property in Armenia to revert to GGM based on the two failures to meet conditions precedent to the March 24, 2010 agreement. First, Caldera failed and refused to deliver the 500,000 shares to Global. Second, Caldera did not submit the final joint venture agreement to the TSX-V for approval until the middle of the arbitration proceedings, instead relying on superseded versions in its regulatory submissions and submitting "Form 5Cs" to the TSX-V which were false representations of Caldera's obligations to Global.

The Partial Award states "By misrepresenting its payment obligations to the TSX-V, Caldera painted a false financial picture to the TSX-V and the investing public." In addition, the arbitrator found that had he not come to the conclusions above, "Caldera and its officers effectively breached the JV Agreement and the terms of the Limited Liability Agreement" in multiple ways, including Caldera's failure to make quarterly payments to Global.

The Partial Award orders reversion of the Marjan property to Global, return of amounts paid to Global by Caldera returned as the JV Agreement did not go into effect, a Net Smelter Royalty to Caldera of 0.5% for each tranche of \$1 million actually spent on the property, and further proceedings on Global's claims for damages with additional hearings currently set to begin July 11, 2012. As previously reported, Global's records establish that Caldera did not spend \$1 million on the Marjan property. Additionally, tax returns filed by Caldera in Armenia report less than \$400,000 spent on the property. The parties' arbitration agreement further provides that the award "shall be final and non-appealable" and for the award of attorney fees, arbitrator's fees, and other costs. In accordance with the Arbitrator's order and the JV agreement, Global Gold has filed to confirm the Partial Final Award in Federal Court. Caldera is opposing the confirmation. The amounts paid to Global by Caldera total \$150,000 and is included in the Company's accounts payable.

As of the filing date of this report, Global has reestablished control of Marjan Mining Company which is the license holder of the Marjan property (see Subsequent Events for an update on the confirmation received from the Federal Court). A new mining license, valid until April 22, 2033, has been issued to the Company. The Company's control has not been established over certain property, records, financial and tax information, or other assets maintained by Caldera such as warehouse and drill core as Caldera has failed to turn over such property despite being ordered to do so. The Company is proceeding with plans to mine in compliance with the mining license, and implement additional exploration to the best of its ability. Global is also taking legal action to protect its rights in an adjacent territory identified as "Marjan West" for which Caldera has publicly claimed to have a license but according to public, on-line government records, the company holding the license is 100% owned by another person.

Caldera has also publicly claimed that it continues to have rights to the Marjan property based on the parties' December 2009 agreement, but that agreement to agree was merged into the March 2010 agreement, called for completion of payments by Caldera by the end of 2012, and included other terms which Caldera cannot meet. Caldera's attempt to raise this issue in the arbitral proceedings following the March 29, 2012 decision in Global Gold's favor has not succeeded. Caldera and its officers and agents have also continued a defamatory campaign of harassment and filing of false claims over the internet and elsewhere against the Company and its officials which may be pursued during the damages phase of the arbitration.

On January 12, 2012, the Armenian Court of Cassation confirmed prior trial and appellate court rulings rejecting a proposed tax assessment against the Company's Mego-Gold subsidiary by the Armenian State Revenue Agency related to an incorrect claim concerning gold production at Toukhmanuk as well as incorrect applications of relevant law. Subsequently, the State Revenue agency has continued investigations and intimated that it is investigating and may make further claims against the Company based on the same matters previously adjudicated in the Company's favor as well as based on claims initiated and related to Caldera Resources and its agents during and after legal proceedings in which the Company prevailed against Caldera. Independent legal counsel has been engaged on these matters, and the Company considers that it has no liabilities in connection with allegations noted to date. The Company has alerted Armenian authorities to the evidence of corruption in connection with the purported investigation and the role of Caldera and its agents.

The Company was aware that another company was trading shares in the U.S. with the name Global Gold Corp. The Company's counsel sent the other company a cease and desist letter for using the similar name and requested that it change its name which it has done.

The Company is subject to various legal proceedings and claims that arise in the ordinary course of business. In the opinion of management, the amount of any ultimate liability with respect to these actions will not materially affect the Company's consolidated financial statements or results of operations. The Company has been brought to court by several disgruntled former employees and contractors for unpaid salaries and invoices, respectively, as well as some penalties for non payment which totals approximately \$100,000. The Company has recorded a liability for the actual unpaid amounts due to these individuals of approximately \$30,000 as of December 31, 2013 and the Company has deposited approximately \$20,000 at the Armenian Marshall service as security for the claims. The Company is currently, and will continue to, vigorously defending its position in courts against these claims that are without merit. The Company is also negotiating directly with these individuals outside of the courts in attempt to settle based on the amounts of the actual amounts due as recorded by the Company in exchange for prompt and full payment.

Global Gold Corporation will retain 51% of the shares of GGCR, which will be a subsidiary of the Company, with cash contributions being made by CRA, which will hold a minority interest in GGCR.
